

Terms and Conditions

Customer Agreement

Effective Date: Upon Account Registration or First Platform Access

Jurisdiction: Republic of Ghana

About These Terms

eat4me is a technology platform — not a restaurant, not a food producer, and not a delivery company. We built software that connects talented independent home cooks and chefs with people who love great food. The chefs cook. The riders deliver. We provide the platform that makes the connection possible.

These Terms explain what you can expect from us, what we expect from you, and how the relationship works. We have written them to be as clear as possible. If something is unclear, please contact us before placing an order.

By using eat4me, you agree to these Terms.

1. Introduction & Acceptance of Terms

1.1 Purpose of the Agreement

These Terms and Conditions ("Terms") govern the access to and use of the eat4me platform, including the mobile application, website, and all related services, by customers ("Users", "Customers", "Buyers"). eat4me provides a digital marketplace that connects customers with independent chefs, home cooks, and food vendors for the discovery, ordering, and facilitation of meal delivery.

1.2 Acceptance of Terms

By creating an account, accessing the platform, or placing an order through eat4me, the customer confirms that they have read, understood, and agreed to be bound by these Terms and all applicable policies referenced herein.

If a customer does not agree to these Terms, they must refrain from using the eat4me platform and services.

1.3 Legal Capacity to Contract
